

MINUTES OF THE TWELFTH MEETING
OF THE INTELLIGENCE ADS
22 JULY 1952

PRESENT:

[Redacted]

25X1

(The meeting was held in the O/RR Conference Room)

1. [Redacted] of the Office of Training summarized the "CIA Human Resources Program" and distributed a statement thereon dated 7 July. It was explained that this program was available to any Office, on request, preferably not before mid-September. The ADS for OCD, OSI, ORR, OCI, and OO, indicated their desire to undertake the program. The connection between the Human Resources Program and the Career Service Program was discussed insofar as the latter initially involves employee evaluation.

2. The impact of reorganization of CIA clandestine services, effective 1 August, on the overt offices, was raised by the DD/I, who pointed out that there would result from the reorganization a direct command line from the Director to the Senior Representatives and rigid control by DD/P of covert operations and communications. Each overt office should contact the appropriate area division [Redacted]

3. Suggestions effecting national policy emanating from any of the Offices should be transmitted to agency representatives on NSC Staffs (Mr. Dulles, Mr. Becker, and Mr. Bundy, ONE Senior Staff Assistant). It was brought out by discussion that no overt Office is under obligation to PSB or Dr. Pete Craig. Dr. Craig's ability to facilitate PSB relations was remarked and it was the sense of the meeting that the Offices could entertain requests from Dr. Craig at their discretion.

4. Problems have arisen in implementing the Director's 9 July memorandum respecting protection of sources. The DD/I requested the interested offices to advise him by memorandum as to these specific problems as they arise.

[Redacted]

- 25X1
6. Various problems respecting translation services were discussed and the AD/O undertook to solve the problem of establishing priorities, including assuring that priorities set by overt offices (within the limits of their fair share of FDD facilities) are recognized.
 7. raised the matter of three uncleared consultants and in this connection the DD/I requested the ADs to refer to him promptly any information received.
 8. Certain PT matters were discussed.
 9. Mr. Amory commented upon the ever-increasing difficulties which surround attempts to deal with the technical services. Mr. Becker requested the offices concerned to provide him with specific information in this regard.
